Pleasant Hill  
Place

*A safe place for you and your children.*

**Tel: 306-978-4046**

**Pleasant Hill Place:**

- Provides safe, stable and supportive living situation for residents.
- Offers support and makes proper referrals for residents in areas of addictions, abuse, anger management etc.
- Aids women in regaining custody of their children or ensuring that children are not removed from their care.
- Provides an atmosphere where basic life skills can be fostered, where residents will be in a setting that focuses on cooperation among residents and staff.
- Takes an holistic approach believing that mind, body, emotional and spiritual well-being is important to being a great parent.

**About Pleasant Hill Place**

The Pleasant Hill Place (PHP) target population are women, 16 - 35 with dependent children, who may be at risk with children, or already have, their children placed in care with the Ministry of Social Services.

They could be homeless or on the verge of homelessness and in need of a variety of supports to help create a path toward independent living and self-reliance.

Pleasant Hill Place is staffed 24 hours a day with staff who will offer programming in areas of assessment and career counselling, recreation, healthy lifestyles, and basic life skills.

During their stay residents, with staff assistance, will develop case plans that will be tailored to meet goals using a holistic approach, set timelines, as well as develop a plan for once the resident leaves PHP.

- \* Speak with your social worker who will refer you to the program
- \* Arrange a time to come and have a tour
- \* If you like it fill out an application
